

An ideal symbiosis – Beosigner® und ViSponder®

Beosigner® and ViSponder® form two independent systems that when used together compose an ideal symbiosis! Many aspects are to be considered for an optimal health condition, besides the use of the Beosigner®.

An ideal symbiosis – Beosigner® und ViSponder®

Beosigner®

- The Beosigner® offers a large spectrum of activity: information spread throughout the body (holistically).
- All cells get stimulated to self-regulate.
- The Beosigner® works also on the mental level in conjunction with the BeoKeys.

ViSPONDER®

- The ViSponder® serve as additional components to help strengthen areas in the body fast and efficiently.
- The ViSponder® communicate over frequencies and target specific areas (specific).
- For permanent use: the ViSponder® can be worn throughout the day and during various activities.

Application examples

- Vitalize yourself before exercising and wear the ViSponder® while you do it.
- Vitalize your child before school and let them wear the ViSponder®.
- Vitalize yourself before a presentation and wear the ViSponder® during this time.
